

COATING PRICELIST OCTOBER 2009

IMAGUARD: Water repellent coating

For the water repellent finishing of fabrics of all fibre types. Confers a clear matt, neutral handle. Adds to print durability (Used to protect household furnishing).

1-20m @ R30.00 per m (Under 20m add R80.00 set up).
21-100m @ R25.00 per m
101m + @ R15.00 per m

IMACOAT: Tablecloth coating

For the water repellent finishing of fabrics of all fibre types. Confers a clear medium sheen. Adds extra body and durability to fabric. Deepens colour of fabric slightly (Used for tablecloths and household furnishing).

1-20m @ R35.00 per m single or R50.00 double coat (Under 20m add R80.00 set up).
21-100m @ R30.00 per m single or R45.00 double coat
101m + @ R25.00 per m single or R40.00 double coat

IMASOFT: Softener coating

Colourless softener for the final finishing of fabrics. Improves smoothness, handle, sew ability, wrinkles, elasticity and pilling. Excellent wash fastness and wear. (Used for softening of fabrics especially for fashion garments).

1-100m @ R25.00m (Under 20m add R80.00 setup).
101-500m @ R15.00m
500m+ @ R10.00m

IMAFIX: Fixer coating

Improves dry rub, wet wash fastness, print uniformity and colour yield.
(Used for improving colour loss in fabrics)

1-100m @ R25.00m (Under 20m add R80.00 setup).
101-500m @ R15.00m
501m+ @ R10.00m
